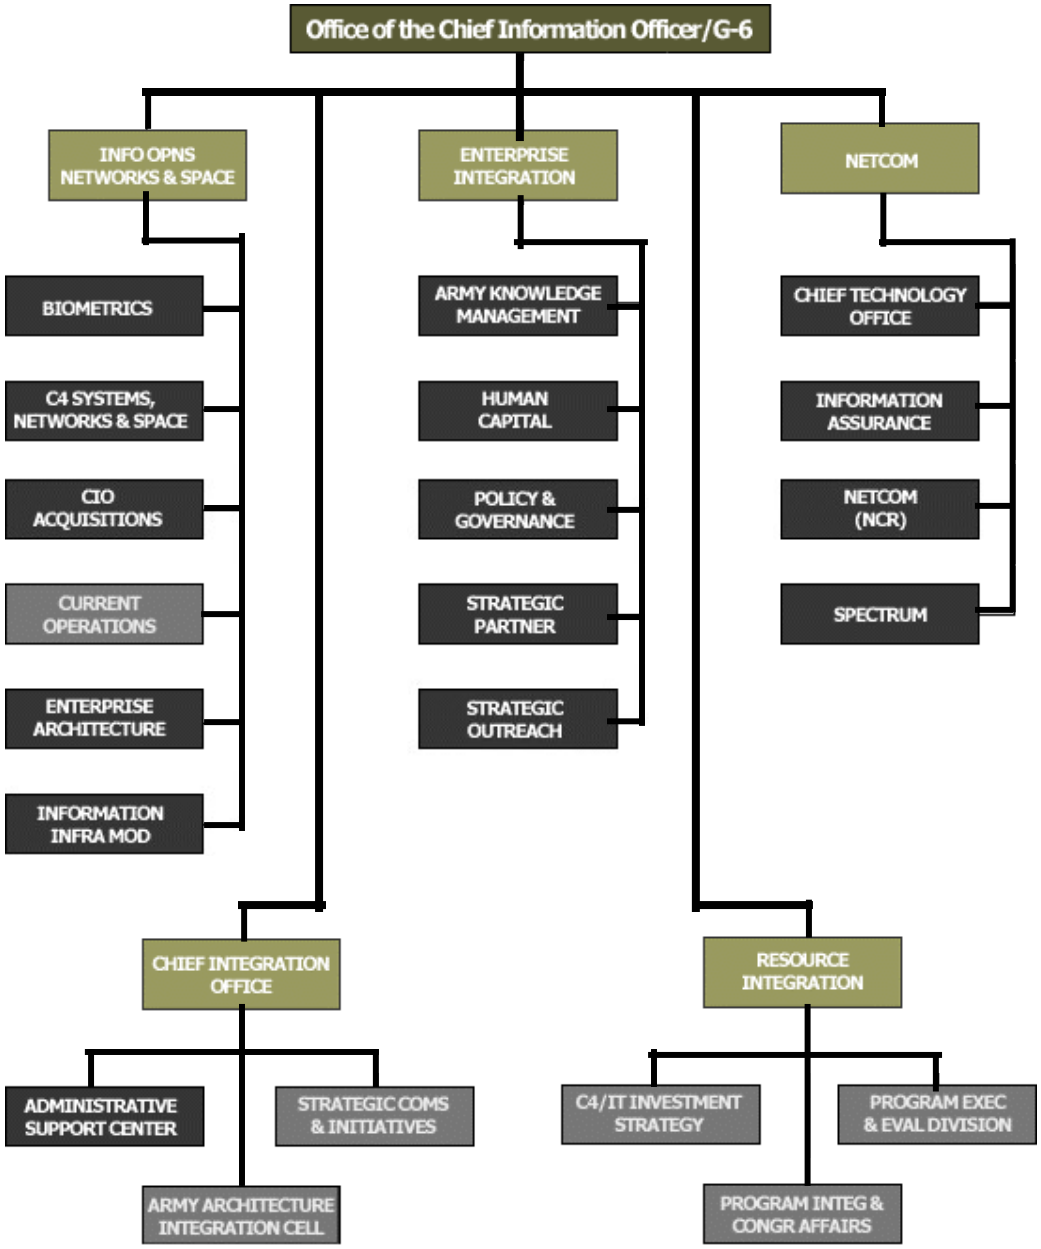
AIR FORCE C2 & ISR CENTER

AFC2ISRC primary tasks include:

- **Integrating air and space command and control, intelligence surveillance, and reconnaissance operational and delegated systems architectures, roadmaps, requirements and standards in a continuing drive towards commonality, maximizing efficiency and reducing duplication of effort.**
- **Build aerospace C2 and ISR modernization strategies, integrated mission area plans (MAPS), investment plan/divestment strategies, appropriate Command and Control, Communications, Computers, and Intelligence (C4I) Support Plans, and associated programming documents that ensure Air Force C2 and ISR will meet the challenges of Global Engagement and Joint Vision 2010 and beyond.**
- **Ensure roadmaps, requirements, and the operational and delegated systems architectures are linked to the current Air Force Modernization Planning Process, the Air Force Strategic Plan, and Thrust Area Transformation Plans, or their future evolutions.**
- **Serve as the Air Force interface for the establishment of all C2 and ISR related Joint Tactics, Techniques, and Procedures (JTTPs).**

AF/XI Mission: Responsible for improving the integration of Air Force manned, unmanned, and space systems for command, control, communications, computers, intelligence, surveillance, and reconnaissance (C4ISR) as part of Joint and Combined Forces. AF/XI provides the leadership, direction, policy, and resources to capitalize on the technologies, concepts of operations, and organizational changes necessary to achieve horizontal integration and

CIO/G-6 ORGANIZATION



MISSION

- **As the Army CIO, report directly to the Secretary of the Army** for setting the strategic direction, objectives, and supervising all Army C4 and information technology functions. (Title 10 U.S.C. Sec. 3014(c)(1)(D)).
- Responsible to manage and oversee the Army-wide implementation of Clinger Cohen Act mandated functions and policies to comply with public laws, Office of Management and Budget, Department of Defense, and Department of the Army guidance (CCA).
- **As the Army G-6, support the Army Chief of Staff and Army Staff** in performing information management, network operations (including computer network defense), force structure, and the equipping and employment of signal forces.
